

Adam Hurtubise  
City Clerk  
Medford City Hall  
City Clerk

May 29, 2025

Mr. Hurtubise,

I am writing with regard to **Petition for Grant of Location 25-084**. Please let it be known to the city council and other responsible parties that this exact location at the corner of Frederick Avenue and Main Street was dedicated as Rapallo Corner by Mayor McGlynn in 2010. A Rapallo Corner sign is currently displayed at that location. The ceremony was covered by The Boston Globe on November 10, 2011 and also local papers. We wish to insure that the Rapallo Corner sign is not removed or if it be necessary prominently displayed on the same corner.

The Rapallo family was brought up at 12 Frederick Avenue the closest home to the corner. There they and their descendants lived for most of the last century. Sal and Anna had 7 sons and 2 daughters four of the sons fought in different branches of the military during WW2. My mother Elizabeth Rapallo (Cammarata) now 103 years old along with her parents saw each of their brothers off from this corner so many years ago.

We would be grateful if you passed this information along to the City Councilors, National Grid, and other associated entities in the project for their review. We would hope that this honor will be preserved for years to come. We would ask that this item be included on the agenda. Please contact me should you need additional information.

Could you please send "the Sketch" as referenced in the notice to this email.

Respectfully  
Stephen Cammarata
