VII. Presentations of the Public (not to begin before 7:00 pm)

“Regular Meetings of the School Committee include this ‘Presentations of the Public’ agenda item to give any resident the opportunity to place a presentation before the School Committee. A resident may only present once at any meeting.

These presentations are an opportunity for the public to make a presentation to the Committee but are not opportunities for dialog with the Committee. If one or more members of the Committee wishes to have a conversation about the topic presented, a member may request that the item be added to a subsequent Regular Meeting.

The details for submitting a presentation can be found within the policy BEDH, Public Comment and Presentations of the Public”

Pursuant to policy BEDH, Public Comment and Presentations of the Public - any resident in the audience may be given permission to speak once on any item on the agenda for up to three (3) minutes. The speaker is expected to keep their comments to the item on the agenda. The speaker must begin their comments by providing their full name and full Medford street address where they reside. A welcoming, inclusive community is both a value of the School Committee and an aspirational goal. We ask for your help in achieving this goal and value your perspective. Employees of the Medford Public Schools are exempt from the residency requirement of this policy. The voice of our employees is welcomed on all matters before this body. When a non-Medford-resident employee is participating in public comment or submitting a presentation of the public they will include their home address and identify themselves as an employee of the Medford Public Schools.

- Global Scholars Community Action Project Presentation by Lila Graham and Sophie Hook, Andrews Middle School 7A Students
- Charlene Douglas, MTA President

VIII. Continued Business

IX. New Business

2022-36 Offered by Jenny Graham

Be it resolved that the administration will provide a report of NWEA MAP results to the School Committee by School, Grade, and subgroup each time MAP is administered (currently three times a year). The report will show the progression of results across the school year and include a summary of actions being taken to act on the results. The report will be provided no later than 30 days after the conclusion of the round of MAP testing.

Meeting Date Requested: 6/6/2022

Submitted Date: 5/16/2022

2022-37 Offered by Paul Ruseau and Jenny Graham

Whereas the best way to help working families and build a stronger economy for us all is to make sure that we have quality public schools for our children, affordable public higher education, and a reliable transportation system;

Whereas students need a well-rounded education, founded on a rich and varied curriculum that includes science, technology, engineering, and math (STEM), music, art, and athletics;

Whereas major investments in public education are needed to help students recover academically, socially, and emotionally from the COVID-19 pandemic;

Whereas tuitions and fees at our public colleges are among the highest in the country, and students are forced to take on enormous debt to receive a degree;

Whereas for Massachusetts to compete against other regions around the nation and the globe, we need modern, reliable transportation: safer roads and bridges, public transportation that works, and safe ways to walk and bike around town;

Whereas we have a large backlog of neglected and structurally compromised bridges, tunnels, roads, and public transportation infrastructure in need of repair;

Whereas new state revenue is necessary to rebuild crumbling roads and bridges, improve our public schools from Pre-K through college, invest in fast and reliable public transportation, make public higher education affordable again, and expand opportunities for healthy walking and bicycling;

Whereas Massachusetts needs new investments in our transportation and public education systems even before the COVID-19 pandemic, and now those investments are needed more than ever to lift our economy into an equitable and long-lasting recovery; and

Whereas our Commonwealth's highest-income residents, who have seen their collective net worth skyrocket in recent years, pay a lower percentage of their income in state and local taxes than do the rest of us and clearly have the ability to pay a little more for the investments we all need; now, therefore, be it

Resolved, that the Medford School Committee:

Supports the proposed Fair Share Amendment that would create an additional tax of four percentage points on annual income above one million dollars and dedicate the funds raised by this tax to quality public education, affordable public colleges and universities, and for the repair and maintenance of roads, bridges, and public transportation.
