The Committee of the Whole Minutes January 3, 2018 were tabled.

The Committee of the Whole Minutes January 16, 2018.

Mayor Burke gave an overview of the meeting. The meeting was called to order at 7:03 p.m. by Mayor Burke in Superintendent's Conference Room at Medford High School.

The following members were present: Mayor Burke, Erin DiBenedetto, Kathy Kreatz, Mea Mustone, Michael Ruggiero, Paul Ruseau and Paulette Van der Kloot. Also present were Superintendent Belson, Director of Finance and Administration Kirsteen Patterson and Public Information Officer Lisa Evangelista.

All rose to salute the flag.

The following persons were also present: Melanie McLaughlin, Frank O'Leary, Ann Frennins Kossuth, Angela Moore, Michelle Ciccolo, Sue Whitney, Eric Whitney, Andrea O'Neil, Deb Esposito, Cheryl Rodriguez, Alex Rodriguez, Jenna LaBissoniere, Sharon Hays, Elizabeth White, Paul Materazzo, Richard Orlando, Carolyn Montello, Melissa McInnis, Kristen Glionna, Jenny Graham, Amanuela Sulham, Chris Sulham, Mirand Willson, Jane Wright, Theresa Shano, Bob Wright, Sarah Strange, Amanda Maffeo, John Shano, Robyn Altmeu, Varan Su, Karey Cropper, Bailey Schendell, and Vivian Perdone. Under suspension of the rules the School Meals Change Policy (2nd review) was discussed. Director of Administration and Finance Kirsteen Patterson made a presentation (see attached paper). The key points were as follows:

- No different meal. All would receive the same meal as who had no debt.
- The threshold for receiving a meal would be \$30 for k-8 and \$20 for high school
- Uncollected bad debt must be made up by school system current bad debt around \$2800.
- Currently about 375 students make up deficit.

There was substantial discussion on the policy revisions. The following concerns were raised:

- Member DiBenedetto expressed gratitude for “no different meal” However, wanted more leniency on threshold. Proposed a \$90 threshold for all grades.
- Member Ruseau queried the application form for free and reduced meals. Director Patterson noted that we cannot force families to fill out the form.
- Member Ruggiero expressed that maybe a “reach out” to parents would help if they fall \$10 in arrears. Director Patterson explained that the amount of work involved to notify at this level would be very difficult to track and enforce.
- Member Van der Kloot expressed that \$90 was too high a threshold.
- On the motion of Member Ruggiero, seconded by member Ruseau a \$25 threshold for notification was approved.
- Member DiBenedetto wanted to ensure that students were not directly confronted by cafeteria workers regarding their debt status. Parents should be contacted.
- Member Van der Kloot proposed an “escape clause” for exceptional circumstances as determined by the Director of Food Services and the Director of Administration and Finance. She proposed a \$50 threshold for all students at all levels.
- Committee agreed that Guidance Counselors would assist with notification to parents.

On the motion of member Van der Kloot seconded by member Ruseau the threshold was set at \$50 and the policy as amended was approved, 7-0 (see attached revisions). Continuing under suspension the Committee received a report on the upcoming “Credit for Life” fair to be held on Friday, January 26, 2018. This program is in conjunction with the State Treasurer’s Office of Economic Empowerment. The Superintendent invited members to attend.

Continuing under suspension of the rules:

Member Van der Kloot expressed the following:

The number of expected internal local candidates potentially is only two persons. Since we all want the best options we should consider opening the search to external candidates as well. Rather than a two tiered search, the School Committee should conduct one full search which would include both internal and external candidates.

Mayor will be working on search committee selection as previously approved for 11 diversified representatives.

Member Ruggiero expressed the following concerns:

- Meeting on this topic not televised
- Goals for Superintendent not clearly in evidence. The right person must be a good fit with our goals.

He made the following motion seconded by Member Mustone: The sub-committee on Community Relations propose goals for full school Committee to consider.

Member Ruseau expressed the need to have enough direction to compare and contrast candidates. The survey would contribute to our determination of goals.

Members Ruggiero and Van der Kloot both expressed that goals setting and surveys could be done in parallel. There could also be focus groups.

Member Van der Kloot expressed the need for the “nuts and bolts” of the search to go forward. There was general agreement that the work could be done in parallel.

On the motion of Member Van der Kloot seconded by Member Ruseau: There will be one full open search including both internal and external candidates. Voted 7-0

Member Van der Kloot expressed that the Committee contact MASC for assistance.

No decision as this matter was made at this point of the meeting.

Members Van der Kloot and DiBenedetto requested that there be expanded community outreach to the community regarding the process.

The Committee returned to the regular order of business and addressed the issue of the McGlynn Elementary PTG.

Superintendent Belson began the topic by presenting his investigative findings and recommendations (see attached). The investigation found that there was no financial malfeasance. The IRS fine was for a failure to file under the previous treasurer. The Superintendent determined that the bylaws needed to be upgraded. He proposed several measures to provide oversight and training to such organizations (see report).

Member DiBenedetto reminded the Superintendent that a report of PTO/PTG activities had not been provided and was long overdue. It was agreed that report would be forthcoming at subsequent meetings this spring.

McGlynn PTG Treasurer Jane Wright made a presentation to the Committee regarding the allegations and the coverage at the McGlynn PTG by Mr. Ruggiero and the Transcript (see attached).

Member Ruggiero was recognized for a point of personal privilege. He asked if the accusations he made were baseless? He asserted that he reached out to the treasurer multiple times. PTG Treasurer retorted that there were multiple inaccuracies and that she was subjected to unwarranted criticism. She further contended that Mr. Ruggiero had not spoken directly to her about the issues and instead went to the newspaper. Ms. Wright produced a phone log that indicated only one call from Mr. Ruggiero.

Ms. Wright asked for an apology from Mr. Ruggiero.

Member Ruggiero argued that the PTG bylaws had been requested multiple times and not received. Also the financials and budget.

Alex Rodriguez spoke on the issue. He is an experienced auditor and a board member of the Roberts PTO. He found no missing money (\$17k). The reports are accurate.

Theresa Shano (President McGlynn Elementary PTG) claimed she was never contacted. She would be happy to turn over records.

Member Ruggiero confirmed that he did not contact Ms. Shano.

Member Van der Kloot expressed that PTOs do great work. People in PTO offices change over the years. Often a small group does most of the work. Bylaws can be updated. She said going to the press first is not the way to go. We need to follow process. Persons should go to the Superintendent first.

Member Ruggiero offered to meet privately with the PTG. Member Van der Kloot retorted that all transactions should be done at a committee meeting or through the Superintendent.

On the motion of Member Van der Kloot that the School Committee accept the Superintendent’s recommendations. Seconded by Member Ruseau. Voted 7-0 in favor.

Member DiBenedetto wants to have PTOs/PTGs present at future meetings.

A schedule will be forthcoming and presentations will be made this spring (April/May).

At the conclusion of the PTG discussion the School Committee returned to the topic of the Superintendent's search after a five minute recess (8:57 p.m.)

Special Sub Committee Chairperson Van der Kloot began the review of that group's work. The following items were introduced and discussed:

1. Application Form (see attached) Dates need to be agreed upon for submission. Motion by Member DiBenedetto seconded by Member Ruseau to approve application form 7-0 in favor.
2. Member Ruseau reviewed the survey materials. It was produced using "Survey Monkey." It has two parts. The first is the questionnaire and the second is an optional demographic piece to inform us as to who responded. A revised preamble was created.

There was discussion on getting the survey out to families whose first language is not English. This will be done for major language groups. Some can go out through the ELL Department.

3. Jenn Graham presented the informational flyers both in hard copy and on screen. It was well received. Timelines are still to be determined.

The committee discussed qualifications and determined that 10 years of experience including classroom and administration. Also the Committee was willing to review a candidate with comparable experience in lieu of the above standard if it presented favorably. Various comments were suggested to ensure that there was a clear commitment to equity and diversity.

On the motion of Member DiBenedetto seconded by Member Van der Kloot the flyer as upgraded was approved 7-0.

The Committee then discussed assistance from an outside agency to expedite the search. Member Van der Kloot advocated MASC as our natural choice since they represent us and have extensive experience.

Member Mustone wanted to explore other groups such as UMASS Boston. Mr. Frank O'Leary favored that approach.

The Superintendent expressed strong support for MASC feeling that they could move the search along efficiently and effectively.

After substantial discussion the Committee approved MASC 6-1 (member Mustone in opposition)

The Committee voted 7-0 to enter Executive Session at 10:15 p.m. to discuss the compensation of non-permanent cafeteria workers.

The Committee returned from Executive Session at 10:29 p.m.

Meeting was adjourned at 10:30 p.m.

On the motion of Ms. Mustone seconded by Ms. Kreatz the report was accepted and placed on file. Vote:

Yes: 7
No: 0
Absent: 0

Community Participation

Cheryl Rodriguez, Park Street, was given permission to speak. Ms. Rodriguez said that she was there because the Roberts School is seeking a Community Preservation Grant. If obtained the monies will be used for the playground. She stated that the school needs help from the district and the School Committee. The deadline for applying is March 2nd.

On the motion of Mr. Ruggiero seconded by Ms. Mustone to move the item to the Buildings and Grounds sub-committee.

Vote:

Yes: 7

No: 0

Absent: 0

Ms. DiBenedetto suggested walking the area with John McLaughlin to see if perhaps there are different materials available. She stated that this item is on her wish list so she is excited to move it forward.

Report on the MASC Superintendent Search

Superintendent Belson reported that pursuant to the decision by the Medford School Committee to retain the services of the Massachusetts Association of School Committees (MASC) to assist in the search for a Superintendent, Glenn Koocher, Executive Director of MASC, will meet with the Superintendent and the Mayor on Monday afternoon, January 22, 2108 to review the specific roles MASC can provide.

It is likely that MASC can do the following:

- Distribute our materials to a wide audience of prospective candidates
- Receive applications and screen them for eligibility
- Implement the survey developed by the School Committee
- Assist the Search Committee with preparations for interviews
- Assist the School Committee with contract negotiations

The above listing can be expanded or decreased at the pleasure of the School Committee. A follow up report will be prepared for the School Committee after the meeting with Executive Director Koocher.

Discussion:

Mr. Ruggiero asked if MASC Director Koocher could put on a community meeting. Mayor Burke answered that forums for the community, teachers and school committee members will be planned. Ms. Van der Kloot commented that she didn't think that the entire search is free.

On the motion of Ms. DiBenedetto seconded by Ms. Kreatz the report was accepted and placed on file:

Recommendation to Begin Search for Foreign Language Director SY 2018 – 2019

Superintendent Belson stated that Foreign Language Director Rita DiCarlo has announced her retirement effective June 30, 2018. Ms. DiCarlo has been an outstanding educator in our school system for thirty years; eleven as an administrator. She has made multiple contributions helping to preserve and develop foreign language programs when resources were tight. Rita has established connections to significant cultural opportunities for our students and faculty. Her efforts have promoted international travel and helped our students receive numerous achievement awards. A Medford High graduate herself; she has dedicated herself to our school community and made a positive difference as a staunch advocate for quality education. We currently teach three foreign languages in our schools. Specifically, they are: Spanish, Italian, and French. The department currently has fifteen (15) regular faculty members and three (3) elementary CASIT Italian teachers (non-unit). Please find attached a description of the programs and a teacher assignment chart. As we move forward we should consider the possibility of offering new “critical” languages to our students either through direct classroom instruction or through blended online offerings. The current salary for this position is \$106,872. It is my intent to post this position both internally and externally. After screening and interviewing applicants there will be public interviews of finalists by the School Committee. It is my hope to complete this process by March 2018 so as to enable the successful candidate to work with Director DiCarlo and to have input in the FY 2019 budget.

On the motion of Ms. DiBenedetto seconded by Ms. Van der Kloot the report was accepted and placed on file:

Report on DESE Leading the Nation

Superintendent Belson presented the report. He reported that the Massachusetts Department of Elementary and Secondary Education (DESE) has initiated a celebration of the achievements of Massachusetts Public Schools.

The goal of this program celebration is as follows:

“To provide a statewide platform for Massachusetts Public Schools to showcase and celebrate with families and communities their students’ academic and creative successes that have made Massachusetts Public schools the best in the nation.” While there will be multiple statewide events, each district will define and celebrate students success in a way that is best for its own community. We recently met with state officials to review the possibilities offered by this initiative. Medford has much to showcase and we were encouraged by the state to expound on them to our own community and to the wider state community. Our schools have produced many wonderful programs and services and our students have achieved many highly desirable outcomes. While there is room for improvement, we have much to be proud of and to celebrate locally and beyond. This is a great opportunity to expand community engagement by sharing what we do and by providing our citizens a forum to make constructive contributions. In the weeks ahead we will provide additional information and organize planning sessions to launch the Medford version of “Leading the Nation.”

Discussion:

Ms. DiBenedetto commented that any way that we can highlight our students is very important. She asked the Superintendent about the DESE Commissioner search.

On the motion of Ms. DiBenedetto seconded by Ms. Van der Kloot the report was accepted and placed on file:

Vote:

Yes: 7

Report on Statewide Accommodations for Culturally Responsive Religious Observances
Superintendent Belson reported that as our community has become increasingly culturally and religiously diverse it is incumbent upon us to actively ensure that all our students, employees, and citizens are treated with respect and dignity as they celebrate their personal cultures and religious observances. Adopting appropriate inclusive holiday and observances protocols does not violate the establishment clause of our Constitution. Rather it protects it by recognizing the rich diversity of all peoples experiences. Massachusetts laws prohibit discrimination in all its forms. The best way to ensure that discrimination does not occur is to educate our students and community through positive learning and experience. We must always seek to move beyond mere toleration to enlightened understanding of both our diverse and common human heritages. This topic is far to involved to relegate it to an agenda report. We need to invest more time through focus groups and additional sessions. In the interim please review the attached materials in preparation for a more robust dialog.

Report on Protocols for School Closing Due to Inclement Weather

Superintendent Belson stated as we head into the winter season we are prepared to provide comprehensive notifications to parents, students, and the community should conditions require the closing of our schools. Experience tells us that the number of school closings can vary from year to year. Some years we closed school seven times, but there have been years when no days were cancelled for inclement weather. The decision to close schools results from a process that evaluates multiple factors. The paramount consideration is student, faculty and staff safety. We must consider not only the storm conditions but also our ability to clean school areas, streets, and sidewalks. We will consult with the weather service, our D.P.W., and public safety officials. We speak with colleagues in neighboring school districts and transportation providers. As you know we must conduct school for 180 days to meet our DESE requirements. Waivers are not given frequently by the state. By contract with the MTA we must complete the school year by June 30th. Today the issue was extreme cold. We have previously closed schools when this condition has occurred. However this week it is possible that a pending storm

on Thursday and an intensified cold front on Friday could close our schools. If we closed on Tuesday then opening on Wednesday could result in an unproductive one day school week. We are mindful that when school is cancelled that it can be a hardship for working parents. Therefore, it is important that parents/guardians begin planning for coverage now in anticipation of closings. We are also aware that for a significant number of students that the schools provide safety, warmth, and nutrition. There are too many latch key children in communities across the state. We will always try to provide the earliest possible notification to families and staff as possible. However, many times storms intensify and conditions are unpredictable and change throughout the night and early morning. Our preference is to let people know the night before but in any case no later than 6:00 a.m. We do not favor delayed openings as they impact bus schedules and generally result in less productive learning days. We do make provisions for unpenalized late student arrivals. Parents always have the right to use discretion. Absence will be excused when a parent makes such a decision and documents it to the school. When school is cancelled families will be informed through multiple media. Notifications will be posted on the television listings and websites of Channels 4, 5, 7, 10, Fox and NECN. Closings will also appear on our school website. Robocalls will go to the homes either from principals or the central office. We will be disseminating this information throughout the schools.

Discussion:

Ms. Van der Kloot commented on the possibility of looking into an online access for homework that can be helpful for elongated periods of time especially blizzards. Superintendent Belson replied that it is like blizzard packs. He said teachers are paid to teach 180 days and this could help if out for a long term. Ms. Kreatz commented on the cold days and the students going to a cold lecture hall. Superintendent Belson said that the cold came on suddenly so areas of the building were cold. Ms. DiBenedetto commented with online access students should be able to do work during no school days. She said there so much to learn especially for the AP classes and if they fall behind they still have to take the test on the scheduled date. We must have an open mind and see what options are out there. Ms. Van der Kloot would like the curriculum sub-committee to review the alternatives for snow days. Student representative Tringale commented that AP teachers do take the initiative and assign work over snow days. The assignments are three days ahead. His concern is his fellow peers that do not have access to technology.

On the motion of Ms. Van der Kloot seconded by Mr. Ruggiero to send the paper to curriculum sub-committee:

Vote:

Yes: 7
No: 0

Recommendation to Adopt Oversight Guidelines for PTO/PTG and Other 501©3 Organizations that Support Our Public Schools

Superintendent Belson presented the recommendation. He stated that pursuant to our Committee of the Whole discussion on oversight of the various organizations that support our public schools, the following recommendations are proposed:

1. All PTG's/PTO's and any other 501©3 organization affiliated with the Medford Public Schools must be registered with the Superintendent's office annually. All registrations must be renewed by September 1st of each school year.
2. All registered organizations must submit by-laws; names of officers and board members; annual fundraising and expenditure plans; and a year-end financial statement.
3. By-laws must clearly identify how a person becomes eligible for membership and how a person becomes a voting member.
4. By-laws must identify what constitutes a voting quorum.
5. By-laws must provide detailed information on how and when elections for officers and board members will be implemented.
6. Expenditures of funds must be done in coordination with the Principal to ensure that supported programs, activities, and materials are consistent with the school's program and do not distract from the main mission of the school.
7. The public schools through the Superintendent's Office will offer training to each entity to ensure compliance with federal, state, and local laws, regulations and ordinances. Failure to participate could lead to decertification of the entity by the public school.
8. An annual report will be made to the School Committee.

The co-existence of public and private entities requires monitoring and ongoing refinements. While private entities do provide good benefits to our schools, it is in the best interest of all that we improve practices and be transparent.

Discussion:

Ms. DiBenedetto would like to include the word "Friends" to the title of the recommendation. She would also like to add a #9 – register any event that uses our schools so we can track the use of building, custodians, utilities and materials. Mr. Ruseau said that he heard a comment from a PTO member when they read the guidelines "that's it I'm done." He also commented that many times it is only a few members that participate so it is hard to hold elections etc. Superintendent Belson said that if no one is running against an experienced treasurer that they can certify the requirements through the principal's office. People complain if they do not know. Ms. Van der Kloot motioned to send to sub-committee on rules. Ms. Van der Kloot would also like all clubs and athletic supporters included. She also feels that September 1 is a bad date perhaps September 30. Mayor Burke would like #2 to include filing of Form 990.

On the motion of Ms. Van der Kloot seconded by Mr. Ruseau to send the document as amended to rules sub-committee:

Vote:

Yes: 7
No: 0
Absent: 0

Many community members spoke on the paper. The discussion continued between the community participants and the school committee regarding the PTOs/PTGs and membership. After much back and forth the Mayor thanked all for their comments.

Negotiations moved to end of calendar.

Old Business:

Recommendation to Adopt USDA Revised Required School Lunch Charge Policy
Superintendent Belson said that the adjustments requested have been made and are reflected in the new document.

Communications:

Request for an overnight field trip for a ski trip with Tufts Mountain Club. The trip has been approved by the Headmaster and the required forms have been submitted and approved.

Discussion:

Ms. DiBenedetto commented that she didn't see a sign off from the school nurse. Also with the new paperwork a list of students is required. Mr. Tower answered that they do not have a list of students yet. Ms. DiBenedetto said that we need to change this issue. Superintendent Belson said that if a nurse is needed and required additional cost it will come back to the committee for approval. Ms. DiBenedetto stressed to make sure that everyone knows this.

On the motion of Ms. Kreatz, seconded by Ms. Mustone the field trip was approved:

Roll Call Vote:

Yea: 7 DiBenedetto, Kreatz, Mustone, Ruggiero, Ruseau, Van der Kloot, Burke
