

**Regular Meeting
Monday, February 3, 2020
Medford School Committee
Medford City Hall**

Present: Ms. Graham, Ms. Kreatz, Ms. McLaughlin, Ms. Mustone, Mr. Ruseau, Ms. Van der Kloot, Mayor Lungo-Koehn, Superintendent Dr. Marice Edouard-Vincent, Associate Superintendent Diane Caldwell, Assistant Superintendent Peter Cushing, Assistant Superintendent Kirsteen Patterson, Student Representative Marc-Allen Jean Mary.

Roll Call and Salute the Flag - Meeting called to order at 7:04pm.

Approval of the Minutes of January 13, 2020 - Motion to approve offered by Mr. Ruseau, seconded by Ms. Kreatz.

Roll call vote.

7 - Affirmative

0 - Negative

Motion passes.

Approval of Bills/Transfer of Funds and Approval of Payrolls - Motion to approve offered by Mr. Ruseau, seconded by Ms. Graham.

Roll call vote.

7 - Affirmative

0 - Negative

Motion passes.

Ms. Kreatz - Please explain reimbursement. Ms. Patterson - An individual submits a W-4. We do not reimburse for sales tax, so we encourage everybody to utilize the purchase order system for the goods and services they may need.

Motion to suspend the rules to take papers out of order, offered by Ms. Van der Kloot, seconded by Ms. McLaughlin, motion passes.

New Business - Medford Food Security Task Force Hunger Free Pledge. Mayor Lungo-Koehn read A Proclamation to Make Medford Hunger Free, see document on file. Carol Tienken, 261 Governors Ave - I work for the Greater Boston Food Bank. I commend Medford for this pledge. We know that children cannot function, think, or act without decent food, and their families cannot support them either. We thank and commend the City of Medford for the food security task force it created. We have seen great improvement in the past few years. We have seen

Medford move up to over 70% food security. We thank the Medford Unitarian Universalist Church and St. Raphael's Church. Thank you to members of the school committee, especially Mea Mustone, and thank you to the YMCA in Malden.

Syrah McGivern, 63 Watervale Road - We convened two years ago because we saw that there were areas we could work together to make Medford hunger free. We published a food plan two years ago with recommendations for what we can do to work on getting our city hunger free. This year will be a great year of action to take steps to eradicate hunger.

Motion to approve this proclamation offered by Ms. Van der Kloot, seconded by Mr. Ruseau.

Mr. Ruseau - I move that an advisory committee shall be created to provide specific recommendations for achieving the goal of a Hunger Free Medford, with appointments for one year to include at least one teacher, school administrator, nursing representative, adjustment counselor, food services representative, and three School Committee members. The advisory committee shall provide at least an interim status report within 6 months of their first meeting and provide a final report to the School Committee prior to the end of the one year term of this advisory committee.

Roll call vote.

7 - Affirmative

0 - Negative

Motion passes.

The proclamation will go to the City Council tomorrow night.

Resolution offered by Mayor Lungo-Koehn to talk about minimum wage. Mayor Lungo-Koehn - In the next 30-40 days we will hold a Committee of the Whole to get all the facts and figures straight, as well as the law.

Brenna Kristiansen - When the high school after school workers and I had been given dismissive responses, we sought to stand up for what is right. Transparency and fair wages for our jobs are important to us. I love this job and I want to make it fair for those who will come after me.

Tsewang Antsa - We did not know our wages would not rise when the minimum wage increase took place state-wide. It felt like we were being taken advantage of. In November 2019 Mayor Burke went on record to say that as of January 2020 we would be paid \$13 an hour. Our wages have not increased. We are doing a job the city needs us to do and we are not being compensated fairly for it. Rachel Klein - If Medford is exempt, we should have been told this earlier. We ask that you produce the waiver certificate without delay. This is about more than the law; it is about

fairness. We were told repeatedly that our wage issue would be taken care of. Many school committee members went on record giving their support. We are performing a job that the city needs us to do, giving up our free days, and we are not receiving minimum wage. We have been committed to this for over a year only to be told that Medford is exempt. We deserve to be paid minimum wage and retroactively since the discussion began. We deserve to be more informed and involved in these decisions. We also present a letter from a parent in the after school program.

Nancy Donlon, Medford High School teacher - The students involved in the after school program are intelligent and caring. Last week a student told me she wished she had never signed the petition. She said she was getting a lot of negativity directed toward her. These young people have gone out of their way to advocate for themselves.

Ms. Kreatz - I disclose that my sister works as an assistant group leader in the After School program and filled out a conflict of interest form so I can speak tonight. Assistant Superintendent Patterson told me when I inquired about this that she will look into adjusting this on the budget side.

Ms. McLaughlin - Thank you for advocating for yourselves. I want to make sure you know what a Committee of the Whole meeting is.

Mayor Lungo-Koehn - Committee of the Whole is less formal, you can attend. If it is a matter of personnel we may have to go into executive session, but we can likely answer your questions there.

Ms. Van der Kloot - I am disheartened that anyone got negative feedback for speaking up. We appreciate your time and presence this evening.

Ms. Graham - If there are things being said to you that make you feel directly penalized for your advocacy please come forward so if there is a systemic issue we can address it.

Mr. Ruseau - The only time we would be in executive session it would be to discuss items on the agenda. We have to divide our conversation very clearly, we would not go into executive session to talk about you. It is important to note that executive sessions have -very strict rules that we must enforce with each other, which we do, because the law is very explicit about what we can and cannot talk about.

Motion to hold a Committee of the Whole to discuss minimum wage in the After School program offered by Mr. Ruseau, seconded by Ms. Kreatz, motion passes.

Dr. Edouard-Vincent - Thank you to the students for your well-thought-out persuasive arguments and thank you to Ms. Donlon for your advocacy.

Ms. McLaughlin - Can we share the meeting date with the students once it is scheduled? Dr. Edouard-Vincent - Yes, and I will share it with Ms. Donlon as well. Ms. Van der Kloot - We have other students that work for us. Mayor Lungo-Koehn - That is encompassed in the motion.

Update on Coronavirus - Toni Wray - This morning, Maryann O'Connor, Janet Leahy, and I participated in a teleconference. The risk for Massachusetts residents to become ill from the coronavirus is very low. The CDC is conducting screening for illness in people who are travelling from China at 11 designated airports, not including Logan airport in Boston. This is also influenza season and we are seeing many flu-like symptoms. We remind parents to keep children home if they are presenting with flu-like symptoms.

Mr. Ruseau - If somebody is identified as a person who needs to be self-quarantined, is Medford notified? Ms. Wray - I do not think the Board of Health is notified. Many people may be coming from that region but be asymptomatic, at which time they would be asked to self-quarantine for 14 days. If someone has symptoms, that is different.

Ms. McLaughlin - Do we know if someone has travelled to China in the past 14 days? Ms. Wray - Yes. This is a typical time for people to travel to China.

Motion to receive and place on file offered by Ms. Van der Kloot, seconded by Ms. McLaughlin, motion passes.

Motion to revert to regular order of business offered by Ms. Van der Kloot.

Report of Secretary - Ms. Van der Kloot - I would like to point your attention to the translation services in the bills. I will pass them around for your perusal. Secondly, I pulled a bill for professional odor remediation in the Curtis Tufts school library. Finally, we have received new textbooks for civics education in grade 7. Unfortunately, they are already out of date as the books mention only two presidents have been impeached. Motion to receive and place on file offered by Ms. Van der Kloot, seconded by Ms. Kretz, motion passes.

Report of the Superintendent - Dr. Edouard-Vincent - I am pleased to announce that last Friday Medford Public Schools unveiled its new website. The former website was developed in 2007. In the past two years Allison Goldsberry, our webmaster has diligently researched other school websites and conducted focus groups of staff, parents, and students. She worked with Tufts

University students and our Vocational media students to put together a new user friendly website. It is a constant work in progress but we feel the new site is welcoming and works well to address our needs. I would like to thank Allison Goldsberry, the Tufts students, and our Vocational media technology students.

Thank you Toni Wray for presenting the timely information about the novel coronavirus, as well as Team Medford, and Mayor Lungo-Koehn's chief of staff David Rodriguez for working to share this information with the city.

McGlynn Middle School was recently featured on Channel 4 in the Lookup Challenge. It challenges students to look up from their phones, go play, read a book, or engage with family and friends. Thank you to the Boston Foundation and Krystle Campbell Community Betterment Fund. Thank you to Brookline Bank and Members Plus Credit Union for their financial literacy presentation at the Andrews and McGlynn middle schools. Later this evening, Dr. Bernadette Ricciardelli will explain the middle school lottery process in detail. Informational meetings will happen at each elementary school for 5th grade parents: Monday, March 2nd - Roberts Library - 5:30 -6:30 PM, Tuesday, March 3rd - Brooks Library - from 5:30 to 6:30 PM, Tuesday, March 10th - McGlynn Library - from 5 to 6 PM and Tuesday, March 10th - Columbus Library - from 6:30 to 7:30 PM. This Wednesday from 7 to 8:30pm will be course selection night for 8th grade students who will be attending high school next year. Parents and caregivers are all encouraged to attend.

The Middle School Mustang basketball program had a successful season. The boys team finished with a 9 in 1 record. The girls were 8 and 2 and won this evening 34 to 32. Congratulations to both our girls and boys basketball teams. The boys team final is tomorrow and the girls final is in Revere on Wednesday. Tristan Howard last Sunday at the MSTCA boys and girls coaches invitational at the Reggie Lewis Center, won the 55 meter dash with a time of 6.56 seconds. Amazingly he shares the title with a Lawrence High School student, Jermil German, who finished in a dead heat. On Sunday the Medford Girls' varsity indoor track team finished in second place in the GBL track championship, right behind Malden with a total of 88 points. Five of the girls finished first in the following races: Junior Aniya Krump won the 300 meters, Sophomore Caresa Andrews won the high jump, Freshman Anna Casey won the 600 meters, Freshman Iasmine DeSouza-Viera won the 1000 meters, and Freshman Maria Columbo won the 2 mile run. Congratulations to all our athletes. The Columbus school participated in pennies for patients which raises money for the Leukemia and Lymphoma Society. They raised \$3,336.59. I offer a special thank you to assistant principal Nancy Sherman Hudson.

At the beginning of January the Medford Vocational Technical High School's DECA program competed in the District 6 competition, held at Endicott College. Congratulations to David Mei

and Nevaeh Clark who placed 3rd in the apparel and accessories marketing, Ruth McLaughlin and Nick Gomes who placed 3rd in automotive service marketing. In February, these students will compete in the DECA state tournament.

Two of our students were selected for the Massachusetts music educators district junior festival: Teagan Mustone and Kian Liao.. The concert will be held in Wakefield in March.

Two McGlynn Middle School students received regional awards in the 2019-2020 Massachusetts Scholastic Art and Writing Awards: Sophia Hernandez won a gold key and Kenza Belloula won a silver key. They will be presented with their awards in March at Tufts University.

This Saturday is Medford Family Network Valentine's Day ice cream social in the McGlynn cafeteria from 11am until 1:30pm. All are invited.

Last week, I was able to have cookies and conversation with teachers at Medford High School, thank you to the teachers who were able to participate in that. I also visited with Global Scholars today, a program at our middle schools. We observed instruction and discussed ways for that program to continue to improve. Finally, Mayor Lungo-Koehn's volunteer members of the school transition team will host a beautification day in the Medford High School lobby on February 23rd.

Recommendation to Approve Donation to CCSR - The Center for Citizenship and Social Responsibility was awarded \$5,000. Motion to approve offered by Ms. Kreatz, seconded by Ms. Van der Kloot.

Roll call vote.

7 - Affirmative

0 - Negative

Motion passes.

Recommendation to Approve Field Trip - DECA State Competition - Chad Fallon - Neveah Clark and Berlie Vixama are business students in the Vocational School who will present. Ms. Vixama - I am a junior at Medford Vocational Technical High School. DECA is a competition where business students compete with other business students. We are presenting the SBE Manual. It has won state and international competitions. It is a service for teachers, an easier and affordable process to rent vehicles for field trips and it will soon be available for surrounding districts. Mr. Fallon - We rented out our vans to schools and students had an idea to create a rental company. Ms. Kreatz - Motion to approve offered by Ms. Van der Kloot, seconded by Ms. McLaughlin, motion passes.

Roll call vote.

7 - Affirmative

0 - Negative

Motion passes.

Recommendation to Approve Donation from Nardone Electric - Chad Fallon - Adam Burns, electrical instructor - The equipment that was donated was a cordless band saw that the students use to cut steel and piping. The next was a 7 foot 60 position data rack to terminate network wire. The largest is a fire alarm system that is up to date, more advanced than is in most buildings. It was custom made and it is mounted on a portable system where students can create addressable fire alarm systems that also send signals to the fire department. Ms. Kreatz - What do students use the fire alarm panel for? Mr. Burns - They can identify where the fire would be and communicate that to the fire department. The fire department knows exactly which detector to go to. Ms. Kreatz - Thank you to Nardone Electric for their support. What does a data rack do? Mr. Burns - Each cable connects to one server, like an old fashioned switchboard. This one connects users to the server in the middle. Our advisory board has recommended our students learn this because it is applicable to careers in data and fire alarms, and all electricians need to know about it. Ms. Van der Kloot - Please send a thank you letter to Mr. Nardone. Motion to approve offered by Mr. Ruseau, seconded by Ms. Kreatz.

Roll call vote.

7 - Affirmative

0 - Negative

Motion passes.

Recommendation to Approve Donation from Exxon Mobil - Kirsteen Patterson - The recommendation is that we accept the donation and send a thank you letter to the Medford Square Mobil station for their nomination of Medford High School. Ms. Kreatz - Does this go to a specific budget? Ms. Patterson - This would go to the general fund, not earmarked yet. Motion to approve offered by Ms. Graham, seconded by Ms. Van der Kloot.

Roll call vote.

7 - Affirmative

0 - Negative

Motion passes.

Report on Personnel Activity - Kirsteen Patterson - This report is for this fiscal year up until Friday of last week. We have on-boarded 185 new hires, and I would like to thank the Business Center Team for their hard work. Additionally we have processed 38 retirements and/or resignations out of the district. We have also processed 61 long-term illnesses, full-year leaves of absence and worker's compensation cases, 11 of which were leaves of absence, 18 current leaves of absence expected to return, 25 returned from leaves, and 7 worker's compensation cases. Ms

Kreatz - What is the difference between a long term substitute, a daily sub, and a per diem sub?
Ms. Patterson - We have per diem and daily subs, those are synonymous. The long term sub category is for someone on an extended leave. Mr. Ruseau - How many hours did it take to complete this report? Ms. Patterson - A couple of hours. Mr. Ruseau - What is Non Unit ISS? Ms. Patterson - Instructional support staff, a building based substitute. Ms. Graham - Is it normal to have resignations and retirements during the school year? Ms. Patterson - Yes. Ms. Graham - Is having 61 people on leaves of absences normal? Ms. Patterson - No, I would say this is a bubble year. Ms. McLaughlin - The paraprofessionals have resigned or retired? Ms. Patterson - Resigned mostly. We are down 2 but we have some pending hires. Ms. McLaughlin - If a para calls in sick, the system comes up as no substitute required, is that true? Ms. Patterson - It depends on where the para is assigned. It is difficult to fill the positions either way, often it is too late in the day for the sub pool to activate. That is where we utilize ISS people in the building. Ms. McLaughlin - If someone is on an IEP how does that work? Ms. Patterson - That is outside the scope of this report. Ms. McLaughlin - Who do I address questions to about when a para calls in sick and it says no substitute required? Ms. Patterson - I can address it with the Special Education office.

Motion to receive and place on file offered by Ms. Kreatz, seconded by Ms. Van der Kloot, motion passes.

Report on 2020 Middle School Lottery - Dr. Bernadette Ricciardelli - Last year the School Committee voted to approve a middle school lottery to balance the demographics in the two middle schools. It has helped the district move toward the goal of a better balanced population. This year the district will continue with those efforts toward equity. The district will follow a similar protocol to 2019, with one change that there will be both an opt-in and opt-out for sibling preference. The drawing will be Thursday March 5, which is one month earlier than last year, parents are invited to attend. Ms. Van der Kloot - The sibling opt-in/opt-out form is due on March 1 but some of the open houses come after that. Can it be due on March 11? Dr. Ricciardelli - The dates were chosen because they coincide with PTO meetings. Ms. Van der Kloot - If there were forms that were not turned in and there is follow up with the parent, I am comfortable with that. Dr. Ricciardelli - We will follow up with each parent. Ms. Kreatz - Last year we got feedback that we did not communicate early. This is much earlier. Are open houses going to have student-led tours? Mr. Tucci - One of the hallmarks of our orientation last year was the student-led tours, we hope to do the same this year. Ms. Kreatz - Will there be another middle school barbecue? Dr. Cushing - Yes and a committee of students to work on it. Ms. Kreatz - Will the CPA company be more proactive about there being a better balance of students from each school who is assigned to a middle school? Dr. Ricciardelli - There is an equitable distribution of students, but we need to consider specialized programs. That takes the most amount of time. The director of student services has been working to coordinate that. That is less

a function of the CPA than it is us making sure each student is going to the appropriate school for their needs. We have a reason for what we are doing. The CPA's role is to pull numbers on the day of the lottery from Stat Tracker. Dr. Edouard-Vincent - The lottery is as equitable as possible, which does not necessarily mean it is exactly even. Students must be assigned to the right programmatic area. Ms. McLaughlin - All of our schools should be able to deliver all our students needs. Can you break out high needs distribution?

Motion for data breakout for students with disabilities, English learners, and economically disadvantaged, seconded by Ms. Graham, motion passes.

Ms. Graham - Will the district communicate prior to the information sessions? Dr. Ricciardelli - Yes.

Motion offered by Ms. Graham that the district send a communication to 5th grade parents by February 14th outlining the rationale for the lottery process of selection, description and rationale of any student exemptions, outline of all lottery pools including school specific breakdowns and sub-lotteries for students on IEPs and 504s, and a schedule and timeline of key dates, seconded by Ms. McLaughlin, motion passes.

Ms. McLaughlin - Point of clarification, are you asking for it annually? Can you clarify each sub-lottery? Ms. Graham - Some students on IEPs were part of a separate lottery. I would like to have parents able to come with informed questions to the information sessions.

Motion offered by Ms. Graham to refer our middle school lottery process to the Engagement, Communications & Strategic Planning Subcommittee for review of our current communications and onboarding practices related to the effort and the Subcommittee will report back to the School Committee no later than October 31, 2020, seconded by Ms. Kreatz, motion passes.

Motion to approve offered by Ms. Graham, seconded by Ms. Kreatz, motion passes.

Report on Kindergarten Registration and Building Bridges to Kindergarten - Diane Caldwell - Medford Public Schools will begin the registration process the week of March 4. We will present Building Bridges to Kindergarten on March 4, April 7, and April 29. See report on file. Ms. McLaughlin - Will this be posted on the website? Ms. Caldwell - Yes. Ms. Graham - Are all forms on the website? Caregiver authorization affidavit does not seem to be on the website. Ms. Caldwell - I will clarify that. Ms. Graham - Can you please list a better link for the street listings for school assignments? It sounds like the Before and After School program might not be first come first served. Medford does not seem to be responsive to parent inquiries outside of the official Kindergarten roll-out. Parents are having to make Kindergarten decisions about the

charter programs prior to when we do our announcements about Kindergarten. Ms. Caldwell - Our goal is to always be responsive to parents who call. Ms. Graham - If someone reached out and did not get a response who should they speak with? Ms. Caldwell - I would need to know who they reached out to.

Motion offered by Ms. Graham that the School Committee refers the Kindergarten orientation practices to the Engagement, Communication & Strategic Planning Subcommittee for review. The Subcommittee will also review current communication and community engagement practices related to Kindergarten orientation. The Subcommittee will recommend revisions to the current plan and approach to the School Committee by September 30, 2020.

Mr. Ruseau - We need to recruit earlier so we do not lose families to charter schools. Ms. Van der Kloot - Maybe we need to do some specialized preschool information. Ms. McLaughlin - Do we have the data for how many students are choosing charter schools? Ms. Patterson - It is provided annually through the DESE portal. We can pull it by grade level. We have done outreach to the preschools over the summer. We reach out to the families. Ms. McLaughlin - Can the data be referred to the Subcommittee so we can drill down?

On the motion of Ms. Graham, seconded by Ms. McLaughlin, motion passes.

Report on Draft of Medford Public Schools Strategic Plan - Dr. Edouard-Vincent - The genesis of this plan was the New Superintendents Induction Program. It is a compilation of the MPS District Improvement Plans, leadership retreats, and meetings.

Achievement - Academic achievement for all students.

Collaboration - A culture of collaboration through consistent community engagement.

Equity - Every student will get what they need. Understanding the needs of our diverse population, meeting the academic, social-emotional, and physical needs of our students.

Support - Foundational core value. In order to achieve all the other values we need to foster a safe and supportive learning environment.

Ms. Van der Kloot - For clarity, each of the bullets hyperlinks to a page that has steps to achieve and the person in charge. How many of the bullets are done? Dr. Edouard-Vincent - Different initiatives are at different levels of completion. There are some items taking place right now and some that will take place in the future. Ms. Van der Kloot - Do you envision this going to the Subcommittee? Dr. Edouard-Vincent - This group has gone through this process, so the next step

is to present it to the monthly administrator meeting tomorrow. We will be prepared to meet with the Subcommittee as we flesh this out and build the glossary of terms. This is the culmination of a year's work and where we are now. We look forward to more input from other administrators. It is ambitious, some things will happen immediately, but some things need more time to be scheduled further out. It will be a fluid road map to guide the work we are doing and we will aspire to do in the future. Mr. D'Alleva - When we started this we were looking at what we had previously, things we had done when Dr. Edouard-Vincent had come into the district. We had not been as organized, so this has gotten us to focus on what needs to be addressed with timelines. Dr. Cushing - We have been working together and realized that there are a tremendous amount of things that need to be done, what is the capacity to carry things out? How do we build action items that are not impossible to accomplish? Everything is about improving student experience and outcomes, for all students.

Mr. Jean Mary - In the mission statement, the focus on academic personal potential, what would it mean for families who do not have English as a first language. To have a point person for EL families to refer to, I think it is important to get the support early on. That decision can affect the children because parents make their decision based on their first child, which can impact their decision for subsequent children as well. How do we support those families better earlier on? Mr. D'Alleva - The first items are more general, but we drill down in the action items later. Mayor Lungo-Koehn - That will be in the Communications section as well. Dr. Ricciardelli - We have a hyperlinked plan for each. If you look at Equity, the third bullet says "Promote and enhance the activities and resources that address the needs of the whole child" and that speaks to making sure that we are providing the resources to the students and families that they need. Mayor Lungo-Koehn - Also in the Collaboration section, "Engage in timely, thoughtful, two-way, culturally proficient communication with the Medford Mustang Community."

Motion offered by Ms. Graham to send this report to the Engagement, Communication, and Strategic Planning Subcommittee, seconded by Ms. McLaughlin, motion passes.

Ms. McLaughlin - How was this group chosen? Dr. Cushing - We asked people to self select if they could dedicate themselves to this work, this group stepped forward.

Sharon Hays, 69 Ripley Road - The replacement for the Response to Intervention, that was a huge rollout when it began, I have been involved in that in other cities and towns. I am concerned to hear that it is being dropped or morphed into something else. Will there be a description of what that is? Ms. Galusi - MTSSE is an umbrella and RtI fits underneath. RtI is more academic-based, so MTSSE is a whole-child issue that addresses social-emotional and physical needs in addition to academics. Ms. Campbell - This can also be reviewed on the DESE website. We take this one step forward as well, including enrichment.

Ms. McLaughlin - ACES is also an acronym for Adverse Childhood Experiences, with its connection to childhood trauma. Ms. Schulman - We can address it in the glossary of terms.

Ms. McLaughlin - Can we have a copy of the powerpoint?

Motion that School Committee members update each other and the community under Communications offered by Ms. McLaughlin, seconded by Ms. Mustone, motion passes.

Motion that the school committee packets be made available on the website, seconded by Ms. Mustone, motion passes.

Reorganization of Subcommittees - Motion to approve offered by Mr. Ruseau, seconded by Ms. Mustone, motion passes.

Ms. Van der Kloot - The Curriculum Subcommittee will be meeting this Wednesday at 6pm at Medford High School per request of Diane Caldwell to discuss Enhanced Core Reading Instruction (ECRI). Also Mayor, what is the intention with the Medford High School Vision Committee? Mayor Lungo-Koehn - Yes, hopefully by the end of this week, trying to do it as equitably as possible. Ms. McLaughlin - How will the decision be made? Mayor Lungo-Koehn - Representative members will be chosen. There are many talented applicants.

Mayor Lungo-Koehn read resolution 3 offered by Mr. Ruseau, see agenda on file. Motion to approve offered by Ms. Van der Kloot, seconded by Ms. Kreatz, motion passes.

Mayor Lungo-Koehn read resolution 4 offered by Mr. Ruseau, see agenda on file. Motion to approve offered by Ms. Van der Kloot, seconded by Ms. Graham, motion passes.

Mayor Lungo-Koehn read resolution 5 offered by herself, see agenda on file. Ms. Van der Kloot - This meeting is immediately after a school vacation week. Are you able to be prepared to present? Dr. Edouard-Vincent - It has been an ongoing process, so we are prepared. Motion to approve offered by Ms. Van der Kloot, seconded by Ms. McLaughlin, motion passes.

Mayor Lungo-Koehn read the resolution on H.410. Mr. Ruseau - There is a typo, it should say An Act, not An Action. Ms. Lazzaro will send the letter to the state delegation.

Motion to approve offered by Ms. Graham, seconded by Mr. Ruseau, motion passes.

Ms. McLaughlin - School Safety/Procedural Update. Request that this be moved to be an agenda item. Motion to table until 2/24 seconded by Mr. Ruseau, motion passes.

Ms. McLaughlin - Status of Outstanding Reports. Topic being moved to the Subcommittee on Rules, Policy, & Equity, seconded by Ms. Mustone, motion passes.

Mayor Lungo-Koehn read condolences for Captain Hubert “Red” Hanlon, Robert Buckley, and Joseph Stone.

Motion to adjourn offered by Ms. McLaughlin, seconded by Ms. Van der Kloot, motion passes.

Meeting adjourned at 10:26pm.
