

Medford School Committee - Regular Meeting Notes - May 4, 2020
Remote Meeting by ZOOM - 5:30 PM

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitations on the number of people that may gather in one place, this meeting of the Medford School Committee will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the City of Medford website, at www.medfordma.org. For this meeting, members of the public who wish to listen or watch the meeting may do so by accessing the meeting link contained herein. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on the City of Medford or Medford Community Media websites an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting. The meeting can be viewed through Medford Community Media on Comcast Channel 22 and Verizon Channel 43 at 5:30 p.m.

Roll Call - 7-0 and Salute the Flag

Member Ruseau - a member of the community would like to speak

Mayor - We would need a motion to suspend the rules, to take community participation out of order

Member Ruseau - I make a motion to suspend the rules

Mayor - All in favor? Motion passes. We will hear from community members now

Member Ruseau - Lisa Eckes would like to speak via Zoom

Lisa Eckes - I am the treasurer of Kids Corner Union who were furloughed. We are asking that this be changed. We would like the choice to remain on the payroll or be furloughed if we so choose. We want the same respect as all other Mustang employees. We don't want to lose our benefits

Member Van der Kloot - In terms of the health care benefits, I believe the Kids Corner employees will be able to keep those

Mayor - Yes, that is correct. The issue is, the Kids Corner's budget is a revolving account. Legally, that account can not go into a deficit. We felt the pandemic unemployment benefits would actually provide more money for each of the employees.

Member Van der Kloot - It was very, very difficult to come to this decision.

Lisa Eckes - We just wanted the option out there - to choose to furlough or stay on payroll

Member Van der Kloot - By putting you on unemployment with the additional \$600, we felt you'd make more money - we were mindful of your benefits - was it a fear of going on unemployment -

Lisa Eckes - we have felt slighted and that we were presented with no choices

Dr. Edouard-Vincent - We can have the business office help to calculate your payments - We felt you'd be in a better financial position with the additional \$600 To help you to understand what it would look like

Ms. Patterson - Excuse me Madam Superintendent, we could not do the calculation, the state would have to do that as they would get paid every week. Depending on their rates, plus the additional \$600. They can go onto the pandemic unemployment website and it should be helpful. They will continue with the health benefits,

Mayor - You are valued like any other employee in the city - revolving account, parents are not paying and/or are requesting refunds,

Member Ruseau - Christina Longo - would like to speak - President of Kids Corner union - I was disheartened to learn of our furlough from the mail. Why weren't other full time employees, such as the paras and others, not furloughed, but we were? Why was that done?

Ms. Patterson - many accounts have variables that we can't see yet. A number of accounts are self sustaining, so we felt you could access additional compensation with the pandemic funds

Dr. Edouard-Vincent - Kids Corner is not a Chapter 70 or DESE mandated account - it is a revolving account and it can not go into a deficit . You are paid through a different funding source. It's not coming out of the same area. You are very valuable

Christina Longo - Parents have asked if we could teach remotely. Whether parents are willing to partially pay? All my teachers are willing to teach remotely. We have had these children since they were 3 months old and now they are 5 years old and we would like to continue if allowed

Mayor - could the administration discuss tomorrow?

Dr. Edouard-Vincent - we can discuss in executive session

Member Van der Kloot - very valued - painful to make these decisions - we made sure that you had health care - this is bump - we still want you to teach for us - we felt you had an alternative to keep money coming into your families with additional income - it is very tough and we feel your pain

Member Ruseau - I would like to read a short email from the Kids Corner Union - Keep us employed and not furlough us - please reconsider and give us a choice after all the years we have given to the Medford Public Schools and not be the only full time employees that are being furloughed, signed by 15 members of Kids Corner staff

Member Kreatz - thank you for everyone to come out and speak - I did receive an email - what will happen when schools reopen? How will we handle this for the teachers' kids? Is that what we will be discussing in the executive session?

Dr. Edouard-Vincent - we will discuss in executive session. Since Kids Corner is paid out of revolving account, we can't go into the red - so we can have a deeper conversation in the executive session - we all struggled with it and we decided this with the information that was presented to us. Even though we were making a tough decision, we felt you'd have the opportunity to keep your benefits and make a little more money.

Member Graham - I will make an official motion to discuss this in the executive session - we received a lot of emails - I am confused that people can actually make more money and keep their benefits, yet don't want to do so. I think it was a communication issue - which is disheartening as this decision was not easy - we can discuss that in executive session, seconded by Member Mustone

Mayor - Motion passes

Motion to return to regular order of business by Member Van der Kloot, seconded by Member Ruseau. Motion passes.

Mayor - motion to accept the notes of the April 20, 2020 meeting?

Motion to accept by Member McLaughlin, seconded by Member Kreatz, all in favor, motion passes

Mayor - motion to accept bills, accounts and payroll report?

Motion by Member Van der Kloot, seconded by Member Kreatz.

Roll Call Vote - 7-0 motion passes

Report of Secretary - Member Van der Kloot - I went to sign the bills, nothing was out of the ordinary

Motion to accept Report of the Secretary by Member McLaughlin, seconded by Member Kreatz, motion passes.

Mayor - Committee of the Whole Meetings for April 20, 2020 - we reviewed 4 different budgets. Motion to approve?

Motion to approve by Member Kreatz, seconded by Member Van der Kloot - Motion passes

Member Graham - At the Engagement, Communications and Strategic Planning Subcommittee meeting we discussed both the Student Opportunity Act and what types of scenarios could await us in the fall due to Covid-19. We discussed the importance of hosting roundtables for both issues. The first roundtable session would discuss the results of the Student Opportunity Act survey, and brainstorm ideas which we will share with the administration. The next roundtable session would be to discuss the many different scenarios that might happen in the fall of 2020 in light of Covid 19. Some scenarios could be: a normal school year, distance learning that continues, and the possibility of a smaller classroom environment. The committee will work with the Superintendent and Stacey Schulman to arrange the meeting.

Mayor - Would these roundtables occur after DESE provides recommendations? (For back to school?)

Member Graham - no

Dr. Edouard- Vincent - we are still working that tentatively we will start school in Sept but nothing has been firmly presented - no additional guidance as yet from DESE

Member McLaughlin - it was a great meeting - Just to clarify, a SOA survey was sent out to discuss how the \$138,000 should be spent, and we are looking for community participation for how to handle potential scenarios for the fall.

Mayor - as part of the minutes, depending on the day and time - should be in the Committee of the Whole or subcommittee? I think it should be a committee of the whole?

Member Graham -Definitely a committee of the whole...looking at scheduling a consistent day of the week, for the round tables. I feel it should be a committee of the whole as we will need to address budget concerns. I can work with the Mayor's schedule offline and put a schedule together.

Mayor - Member Ruseau could chair if need be. Motion to approve subcommittee report?

Motion to approve by Member Graham, seconded by Member Kreatz, motion passes

Mayor - Special School Committee Meeting Notes, May 7, 2020 - Toni Rosselle CPA - explained the city and school budget deficits and revenue calculations. Motion to approve?

Motion to approve by Member Van der Kloot, seconded by Member Kreatz, motion passes

Dr. Edouard Vincent - Report of Superintendent:

Extended a special thanks to our wonderful teachers for their great work during Teacher Appreciation Week as well as, thanked the School Nurses for their great work, with School Nurses Day being celebrated May 6th.

Announced virtual 6th grade open houses for both middle schools this week

Announced an additional chromebook distribution on Friday

Announced that Medford High Sophomore, Maria Rocha, was selected one of 30 recipients in the United States and Canada of the HERLead Fellowship Award. Maria is also a member of CCSR

Noted that the McGlynn School 5th graders were writing inspirational notes to local, Boston and New York health professionals

Announced that Medford High School senior, Jacqueline Madigan, was named a National Honor Society Scholar by the National Association for Secondary School Principals

Announced that (23) members of the Senior Class received the State Seal of Biliteracy. The Seal of Biliteracy is an award to recognize students' demonstration of proficiency in two or more languages by high school graduation.

Thanked the Cummings Foundation, former Mayor Michael J. McGlynn for a \$1000 donation to the McGlynn PTG which was used to purchase much needed school supplies for our students

Member McLaughlin - Thank you for the update. Member Mustone and I were at the Medford Rec Center yesterday filling over 100 bags of school supplies. Principal Tucci brought 25 backpacks to distribution. If anyone would like to donate school supplies, they can reach out to me. Thank you all.

Mayor - Great! Thank you all for this efforts

Motion to accept the Superintendent's report, by Member McLaughlin, seconded by Member Van der Kloot, motion passes.

Mayor - An update on Covid 19 by Ms. Toni Wray

Ms. Wray - I've been in constant contact with MaryAnn O'Connor of the City's Board of Health. Good news, covid is on the decrease in Medford! It is a testament to all the social distancing we have been doing. We are seeing a plateau in Mass in hospitalizations and deaths. Please continue to social distance and wear a mask when you go out. We are still waiting to hear from DESE and DPH about school in the fall. Right now, I am in the process of getting supplies together for the new school year. I would also like to take this moment to thank our school nurses. We appreciate all the services you provide everyday, especially during this pandemic time. Happy School Nurses Day!

Mayor - Thank you Toni. Motion to approve this report?

Motion to approve by Member Van der Kloot, seconded by Member Kreatz, motion passes

Mayor - Dr. Edouard-Vincent - recommendation to appoint new Assistant Superintendent of Schools for Elementary Education.

Dr. Edouard-Vincent - My recommendation is to appoint Ms. Suzanne B. Galusi as the new Assistant Superintendent of Elementary Education. Ms. Galusi will replace Ms. Diane Caldwell, who is retiring from the school district after 45 years of dedicated service. Ms. Galusi, is a dedicated twenty-three year educator of the Medford Public Schools. She is Medford born and bred, having attended the Brooks Elementary School, the Hobbs Junior High School, Medford High School and finished her high school education at Arlington Catholic High School. Her teaching career began at the Davenport Elementary School and later at the McGlynn Elementary School, where she served as a third grade teacher for eleven years. At the McGlynn, Ms. Galusi co-developed and implemented the MCAS curricula for third grade that was eventually used to create the district's model for assessment readiness skills. She further demonstrated leadership skills as a lead teacher, and pioneer teacher of inclusion math with a focus on flexible groupings based on data. She also chaired the Intervention Team and Literacy Team at the McGlynn Elementary School, while also facilitating district wide third grade team meetings for every elementary school. Based on her demonstrated leadership, in 2012, Ms. Galusi was appointed Assistant Principal for both the Brooks and the Roberts Elementary Schools, serving in that dual-role for two years. She spent the last six years solely at the Brooks School and under her instructional leadership the Brooks School has consistently demonstrated increased academic outcomes for all learners, with a proven track record of demonstrated success. Ms. Galusi

received her undergraduate degree in education from Framingham State University and her Master of Arts degree in education from Lesley University. Moreover, she has participated in countless professional development courses offered by DESE, Federation For Children With Special Needs, and other universities to enhance her skill set and content knowledge. Her varied educational experiences will continue to benefit the Medford Public Schools.

Member Van der Kloot - I make a motion to approve, seconded by Member Kreatz

Ms. McLaughlin - Congratulations Ms. Galusi - can you elaborate the process of this process?

Dr. Edouard-Vincent - We conducted an internal search and interviewed multiple internal candidates, with a panel that included 2 school committee members. After the interviews were completed, the unanimous decision was Ms. Galusi's skill set was the best match for the district

Ms. McLaughlin - Excellent, which school committee members served on the interview committee?

Dr. Edouard-Vincent - Member Van der Kloot and Member Kreatz

Mayor - What will be the timeline?

Dr. Edouard-Vincent - Ms. Galusi will begin her new duties July 1st. We have Ms. Caldwell with us until June 30th.

Mayor - I realize you have been working without an assistant for quite some time. We have to make sure that we provide for as many teachers as possible. I have received a few emails, as to why, at this time, the School Committee would appoint this administrative position. I would urge this committee that we move slowly in hiring additional administrative positions until we see what goes on with the 4th federal stimulus package. Ms. Galusi is very deserving of this position.

Member Van der Kloot - I have addressed this question in great depth with the Superintendent before any of the interviews took place. After many discussions, I understand why it was an essential position that needed to be filled. I also felt that as a member of the personnel subcommittee that I was asked to serve on this interview panel.

Ms. Caldwell - I want to take this opportunity to congratulate Suzanne. She certainly deserves it as she has stepped up at every meeting we have ever had. She also is extremely organized, which you need to be in this job. I also want to state that besides overseeing elementary

education, my role also oversees the Medford Family Network, the Parent Information and I am in charge of Title 1, 3 and 4 grants, so this position is essential to our district. I am very happy to leave it in the hands of the very capable Ms. Galusi.

Ms. McLaughlin - Will the personnel subcommittee provide us with a report of the process? Or can I make a motion for this? I feel the school committee should have been informed of this process for such an important position within the central administration.

Dr. Edouard-Vincent - there is no secrecy here - we conducted interviews as we always do

Ms. McLaughlin - Yes, but all subcommittees file reports.

Dr. Edouard-Vincent - But it wasn't a public meeting. It was a closed process

Ms. McLaughlin - can I make the motion that we are made aware of the process?

Member Ruseau - It is not a public meeting or a subcommittee meeting -the Superintendent is not required to have our input - Our role is to just affirm or deny the appointment - we are not allowed to know who the other candidates were - if it was a meeting, it has to be public, it was not. It was an interview process.

Member Van der Kloot - We must remember these were internal interviews - so have to remain confidential - because of my sensitivity to my fellow committee members who may have wanted to serve on the interview committee, I wanted you all to know that Kathy and I are members of the personnel subcommittee, so that made me very comfortable serving in this role.

Member McLaughlin - I appreciate it and Paul I appreciate the clarification of our role. I just think it would be a courtesy to let the school committee members know. We didn't know as a community that this position was being interviewed for. Please know this is no reflection on Mrs. Galusi - but what about transparency? I would have liked to know. We were very transparent in the Superintendent search

Member Ruseau - This is not at all related to the Superintendent search committee The interview process is under the purview of the Superintendent. She does not have to provide us with any information except the name of the person she wants to hire

Member Kreatz - I had served on other interview sessions both for Dr. Cushing's position and the Andrews Middle School Assistant Principal position.

Member Van der Kloot - makes motion to approve the appointment, seconded by Ms. Kreatz

Roll Call Vote - 7-0

Mayor - Congratulations!

Ms. Galusi - Thank you to Dr. Edouard-Vincent, Associate Superintendent Caldwell, Assistant Superintendent Dr. Cushing, and the school committee for this opportunity to serve as the Assistant Superintendent for Elementary Education. It is so very special for me as my entire career has been dedicated to the Medford Public Schools and I am truly honored for this opportunity. I know I have big shoes to fill. Ms. Caldwell's knowledge is second to none and her gracious support and mentorship has been incredible. She is so dedicated to the Medford Public Schools. I am grateful to her and for her help in guiding me through this transition, as she always does what is best for Medford. Now, more than ever, fostering a safe learning environment is important for our students and staff. I'm ready for the challenge and I thank you all very much

Member Graham - Dr. Edouard-Vincent when will you be prepared to speak about the replacement for Ms. Galusi?

Dr. Edouard-Vincent - I plan to do it before the May 18th mtg - we will get that post up before the end of this week and we will work with the personnel subcommittee, teachers and parents - The position has to be posted for 10 days. We will keep everyone updated

Member Graham - I would request that a communication go out to the Brooks Community so they know the process. Additionally, I would just like to say that I've heard this twice tonight. We have the importance of administrators vs. the importance of teachers when it comes to the difficult decisions ahead - I just want to caution us, that there a million ways that doesn't require us to pit administrators against teachers - It can't be one or the other -we really need to think outside the box, instead of talking about one or the other. It is a road that is not constructive and we should not go down it.

Mayor - Yes, Jenny I agree. I know I said it in regards to the Assistant Superintendent position. But I received a number of emails so I needed to respond to them. Yes, we need to be creative. But we may have \$8M in cuts so we have to be mindful of it all

Ms. McLaughlin - I'd like to add that we appreciate all the employees and staff because they all matter

Mayor - Vice Chair Ruseau will take over for a moment

Dr. Kay - We have a volleyball group, who have played at the Columbus School on Wednesday nights. Since that's not possible right now, the group wanted to make a donation. We decided to help our neediest families by purchasing Stop and Shop gift cards and mailing them to those families. We are very appreciative of their support

Ms. McLaughlin - Can we write a thank you note please

Motion to approve by Member Van der Kloot, seconded by Member Graham

Roll Call Vote - 7-0

Mayor - Mr. Arena will now make a presentation to us

Mr Arena - I submitted 6 month report regarding each school's bandwidth - we are not oversubscribed - over the summer we needed to set up firewalls to fend off attacks - security has been worked out

Member Ruseau - I appreciated the report detail - number of wireless access points that we would need?

Mr. Arena - We can gain ground by limiting some non educational traffic that happens - and there are older devices on line as well - could help reduce internal traffic to speed up the internet I wouldn't say that we would under utilize the wireless access points ever.

Member Ruseau - 340 we already have are all new?

Mr. Arena - We have 350 and with exception of one or two. We are running latest version of the hardware

Member Kreatz - Thank you for the report - I'm not very techie and when trying to connect to guest wifi - can't connect or get a text message, I know its a concrete building

Mr. Arena - The high school is a difficult location, regardless of the provider - based on location of cell towers - guest wifi has capability of 1500 clients - trying to keep bandwidth where its most important, for educational purposes only ---doesn't always happen -

Member Van der Kloot - What about the 1-1 chromebook impact? - Were you putting that forth now?

Mr. Arena - I was asked by central administration to put together a report of a 1-1 chromebook - right now we pushing it at a 1-1 chromebook level, so not sure if we doubled it, how the network would handle it

Member Van der Kloot - I meant, the number of chromebooks? Were you suggesting that from your report? \$300 a piece - How many would we need?

Mr. Arena - I'd have to defer to Tech Dept for purchase information

Member Van der Kloot - Should we start an initiative to cover a chromebook? I personally will donate \$300 in honor of Ms. Caldwell's retirement and look at that as a possible idea to obtain more chromebooks for the district

Dr. Edouard-Vincent - We would need to order 2200 chromebooks - we have enough for half the district - If we ordered the chromebooks it would cost the district \$660,000 - Additionally for the younger students - we might have to purchase ipads for them, which are little more expensive, so we'd have to take that into consideration

Member Van der Kloot - So it is a conversation we need to have, but not now

Member Graham - The discussion for our tech needs will be addressed at the roundtables - I was surprised there was no wish list from tech department - the chromebooks could be used whether in school or not - If we'd be able to find a way, to purchase the chromebooks, but once we are back in the building, we would find a way to use them in the building

Mr. Arena - guest devices and older devices could clean up internal bandwidth - but the influx of 2200 devices - I don't know how that will work.

Mr. Ruseau - as we begin to think about bulk purchase of chromebooks - some of the the devices have 1-2 years of life left - if we are going to go down the path of a large purchase - we have a line item of \$255,000 a year for hardware - do you have software for actual utilization?

Mr. Arena - took a classroom PC and tested it and how it worked on stress - A good number are still being used

.

Motion to accept this report made by Member Ruseau, seconded by Member Van der Kloot - motion passes
