

**Medford Public Schools
Medford, Massachusetts**

**Medford School Committee
Committee of the Whole**

April 4, 2013

7:00 p.m.

**Superintendent's Conference Room
Medford High School**

The meeting was called to order at 7:10 p.m. in the Superintendent's Conference Room at Medford High School by Vice Chairperson John Falco. The following members were in attendance Ann Marie Cugno, Erin DiBenedetto, Robert E. Skerry Jr. and Paulette Van der Kloot. Also present were Superintendent Roy E. Belson and MASC Executive Director Glen Kootcher.

All rose to salute the flag.

Mr. Falco stated that the purpose of the meeting is to learn about the new emerging state process for the evaluation of a Superintendent of Schools from MASC Executive Director Glen Kootcher.

Mr. Falco then called upon the Superintendent for introductory remarks.

Superintendent Belson explained that the goal was to begin the process of implementing the new system going forward.

MASC Executive Director Kootcher made the following points and distributed the MASC guide:

- Medford's current evaluation was in compliance with DESE guidance this year.
- He had reviewed our process, spoke with Attorney Greenspan and determined that the current Medford evaluation instrument was sufficiently in accord with DESE requirements this year.
- The new format can be adapted at the local level. Each community can set its own timetable, cycle and emphasis consistent with the five step state process and four standards. Medford's current practice and tool does incorporate the key elements.
- This process and items must be mutually agreeable between the School Committee and the Superintendent.

- The evaluation must have a professional practice goal; a district improvement goal; and student improvement goal. These goals must be written as SMART Goals and be mutually agreeable.
 - S – specific
 - M – measurable
 - A – attainable
 - R – realistic
 - T - timely
- There are four major standards. Forty-three indicators and sixty-five elements. The rankings should reflect the consensus of the committee not that of a single member. Perhaps it should be based upon the preponderance of evidence
- There should be a mid-cycle and end of cycle review
- A member who does not submit an evaluation cannot expect to participate in the ranking the of the Superintendent
- All evaluation discussions are in public
- Medford is ahead of other communities in this process

The members discussed each of the above points with Mr. Kootcher.

On the motion of Mr. Skerry the meeting was adjourned at 8:10 p.m.

Respectfully submitted,

Robert E. Skerry Jr.
Secretary
