

Board & Commission Recommendation

Office of Mayor Breanna Lungo-Koehn

Submission date: 09/08/26 Date of appointment if not rejected: 10/08/26

Candidate for: Board of Health *

Application Type: Request for reappointment

Name: Jennie Vital

Relevant Training? *Over 10 years of experience working in health care administration. Currently board chair of a non-profit in Boston focused on feeding those who are food and/or housing insecure. Have volunteered as a mentor with youth in the city of Boston, through the YMCA Y-Achievers program. Participated in a Climate Change workgroup and designated a Climate Ambassador for the city of Somerville.*

Interests / Hobbies: *I have been a resident of Medford for 2 years and looking for ways to be more involved. I am interested in supporting efforts on accessing & affordable housing, youth empowerment, promoting health through engagement and education, and advocacy for our most vulnerable constituents of Medford.*

Have you ever served on a board or commission? No

If so, which one(s)?

EXECUTIVE PROFILE

- Medicaid and healthcare transformation executive with 15 years of experience leading strategy, operations, population health, health equity, and value-based care initiatives across health systems, accountable care organizations, managed care entities, physician networks, and community-based organizations.
 - Executive healthcare leader with expertise in Medicaid strategy and policy, government-sponsored programs, managed care contracting, provider network development, regulatory affairs, financial stewardship, care delivery transformation, strategic growth initiatives, board relations, and cross-functional leadership across complex healthcare organizations.
 - Recognized leader in Medicaid program design, payer-provider collaboration, and population health transformation, with a proven track record of translating state and federal policy into scalable operational models that improve quality, reduce disparities, enhance member experience, and drive financial sustainability.
 - Trusted advisor and relationship builder with extensive experience managing multimillion-dollar budgets, leading diverse teams, negotiating strategic partnerships, and collaborating with state Medicaid agencies, health plans, providers, community organizations, boards, and executive stakeholders to advance organizational priorities and improve outcomes for vulnerable populations.
-

PROFESSIONAL EXPERIENCE

Vital Innovative Action Consulting **Founder & CEO**

2024- Present

Provide executive advisory services to healthcare organizations, health plans, accountable care organizations, provider networks, and community-based organizations focused on Medicaid transformation, health equity, value-based care, care delivery redesign, and operational performance improvement.

Key accomplishments:

- Advise executive leadership teams in Massachusetts and California on Medicaid strategy, program expansion, managed care partnerships, and organizational transformation initiatives.
- Lead enterprise assessments focused on care management, care coordination, population health, health-related social needs, and Medicaid program implementation.
- Support organizations in developing scalable operational models, financial sustainability strategies, governance structures, and performance measurement frameworks.
- Advise community-based organizations on the development of Medicare-funded service models for aging populations, including assessment of reimbursable service opportunities, identification of operational and service delivery gaps, workforce planning, implementation strategy, and development of partnerships to support claims administration, billing, and long-term program sustainability.
- Facilitate collaboration among health plans, providers, community-based organizations, and government stakeholders to improve member outcomes, strengthen care coordination, and reduce health disparities.

Steward Health Care Network | Westwood, MA **Executive Director, Medicaid ACO Program & Strategy (National)**

2022- 2024

- Directed strategy and operations for a Medicaid ACO serving approximately 100,000 members across 142 primary care practices.
- Managed approximately \$100 million in annual Medicaid program funding, including oversight of a \$30 million provider investment strategy designed to improve quality performance, member outcomes, and total cost of care.

Jennie Vital, MBA

- Served as executive liaison to MassHealth, the Executive Office of Health and Human Services, and the Massachusetts Division of Insurance, influencing program implementation, regulatory compliance, and policy discussions.
- Led development of the organization's multi-year Medicaid growth and expansion strategy, including assessment of new market opportunities, health plan partnerships, and state contracting opportunities.
- Directed enterprise health equity initiatives, including NCQA Health Equity Accreditation efforts and implementation of a five-year strategic plan aimed at reducing disparities across priority populations.
- Presented program performance, financial results, strategic recommendations, and operational updates to executive leadership, governance committees, and advisory boards.

Boston Medical Center (BMC) | Boston, MA

2018- 2022

Interim Director, Boston Allied Partners, LTSS Community Partner Program (2021-2022)

- Appointed Interim Director to provide leadership and operational oversight for the Long-Term Services and Supports (LTSS) Community Partner Program, ensuring continuity of services for Medicaid members with complex medical, behavioral health, and social needs across the Greater Boston region.
- Directed a multidisciplinary team of care coordinators and administrative staff responsible for delivering community-based care coordination and home-based support services to children and adults ages 3–64.
- Managed strategic relationships with three contracted community partner organizations, strengthening collaboration, performance accountability, and service delivery to improve member outcomes and access to care.
- Oversaw a program budget of approximately \$1 million, ensuring financial performance, resource optimization, contract compliance, and achievement of revenue and operational goals.
- Led workforce development efforts, including recruitment, onboarding, training, performance management, and mentorship of new and existing staff to enhance team effectiveness and program performance.
- Implemented operational improvements and standardized processes to support quality care coordination, regulatory compliance, and consistent service delivery across partner organizations.
- Collaborated with executive leadership, managed care entities, community-based organizations, and provider partners to address operational challenges, improve care transitions, and strengthen integration across the care continuum.
- Provided leadership during a period of organizational transition, maintaining program stability while advancing strategic priorities focused on member engagement, care coordination, and population health outcomes.

Manager, Social Services, Boston Medical Center Health System (2020-2022)

- Directed implementation of a \$16 million Medicaid Flexible Services portfolio focused on housing and nutrition interventions across multiple accountable care organizations and community-based organizations.
- Led strategy, budgeting, implementation, reporting, and performance management activities associated with Massachusetts Medicaid waiver initiatives.
- Served as primary subject matter expert for MassHealth Flexible Services and social determinants of health programming across provider and community partner networks.

ACO Manager, Boston Accountable Care Organization (2018-2020)

- Led strategic implementation and performance management activities for the MassHealth Accountable Care Organization, serving as a key liaison between provider organizations, managed care entities, community partners, and state agencies to advance quality, cost, and population health goals.
- Directed provider engagement and network management efforts to strengthen collaboration across contracted practices, improve program performance, and support high-quality, coordinated care delivery for Medicaid members.

- Managed the development, submission, and ongoing oversight of Delivery System Reform Incentive Payment (DSRIP) participation plans, budgets, and progress reports, securing state approval of approximately \$60 million in funding across the 2019 and 2020 performance years.
- Provided operational and strategic oversight for the Community Partners (CP) Program, cultivating partnerships between 27 Community Partners and 19 provider organizations to improve care coordination and outcomes for complex Medicaid populations.
- Served as the primary relationship management lead and escalation point across MassHealth, managed care organizations, provider leadership, complex care management teams, and community-based organizations to address operational challenges and strengthen program performance.
- Led cross-functional initiatives with information technology and operational teams to redesign reporting processes, streamline workflows, and improve organizational efficiency through enhanced data and performance reporting capabilities.
- Developed and executed a provider engagement strategy, including a multi-site Community Partner roadshow, to strengthen collaboration, improve data-sharing practices, and advance integrated care delivery models across the ACO network.
- Created educational resources, performance assessments, and stakeholder engagement tools that improved provider understanding of Community Partner services and identified opportunities for operational improvement.
- Partnered with quality leadership to align Community Partner activities with ACO quality goals and value-based performance measures, fostering greater accountability and shared responsibility for member outcomes.
- Led governance activities for the Patient and Family Advisory Committee (PFAC), establishing the organization's first Consumer Representative role and strengthening member engagement in organizational decision-making and strategic planning.
- Managed a \$715,000 DSRIP Technical Assistance investment portfolio, supporting initiatives designed to improve provider capabilities, strengthen care delivery infrastructure, and ensure long-term sustainability beyond waiver funding.
- Collaborated with Health Law Advocates and community stakeholders to launch the Mental Health Advocacy for Kids program in Bristol County, expanding access to behavioral health advocacy services and supporting more than 30 children and families during the program's first year.

Steward Health Care Network | Dedham, MA

2017- 2018

Implementation Project Manager, Medicaid Accountable Care Organization

- Played a key leadership role in the design, implementation, and launch of Steward Health Care's Medicaid Primary Care ACO, supporting organizational readiness for a value-based care model serving more than 125,000 MassHealth members.
- Facilitated strategic planning sessions with executive leadership, clinical, operational, financial, and technology stakeholders to develop and execute implementation plans aligned with state requirements, organizational goals, and program timelines.
- Led cross-functional coordination efforts across multiple departments to ensure successful program implementation, resulting in a successful MassHealth Readiness Review and achievement of Health Policy Commission ACO Certification.
- Served as the primary liaison between Steward and MassHealth for implementation activities and contract compliance matters.
- Partnered with operational and clinical leaders to design workflows, policies, and governance structures that supported compliance, care coordination, population health management, and value-based care objectives.
- Managed vendor relationships and contract administration, including contract negotiations, amendments, change orders, budget tracking, and oversight of vendor performance against contractual obligations.
- Monitored implementation expenditures and vendor invoices, providing financial reporting and recommendations to executive leadership to support budget management and strategic decision-making.

Jennie Vital, MBA

- Provided leadership and direction to a team of project coordinators responsible for project planning, risk mitigation, issue resolution, stakeholder communications, and execution of key implementation milestones.
- Supported workforce onboarding and team development efforts, including training, resource development, and operational readiness activities to strengthen organizational capacity.
- Conducted policy and regulatory analysis related to Medicaid and behavioral health requirements, informing organizational implementation strategies and ensuring compliance with state and federal regulations.
- Collaborated with internal and external stakeholders to advance implementation activities, facilitate decision-making, and maintain momentum across complex, enterprise-wide initiatives.
