PETITION FOR GRANT OF LOCATION
NATIONAL GRID, NORTH ANDOVER, MASSACHUSETTS,
PETITION FOR A PROPOSED GAS MAIN REPLACEMENT
60-157 FULTON STREET, and BROGAN ROAD
(NATIONAL GRID PLAN #: **WO- 18746013**)
MEDFORD, MASSACHUSETTS
CITY CLERK'S OFFICE

You are hereby notified that by order of the Medford City Council, the Medford City Council will hold a Public Hearing in the Howard F. Alden Chambers at Medford City Hall, 85 George P. Hassett Drive, Medford, and via Zoom on Tuesday November 10, 2026 at 7:00 p.m., a link to be posted no later than Friday, November 6, 2026, on a petition by Boston Gas Company dba National Grid, for permission of a proposed gas main replacement at 60-157 Fulton Street.

Wherefore it requests that after due notice and hearing as provided by law, it be granted a location for and permission to install **approximately 1,665 feet of replacement gas main along Fulton Street and Brogan Road** WO# 18746013 by petition originally dated October 2, 2026 and revised October 20, 2026 and received and filed in the Office of the City Clerk on October 29, 2026 and available for inspection in the Office of the City Clerk, Medford City Hall, Room 103, 85 George P. Hassett Drive, Medford, Massachusetts 02155.

The Engineering Division recommends that this grant of location be approved with the following conditions:

1. The Grant of Location (GOL) is limited to approximately 1,665 feet of 6-inch gas main within the northern and eastern portions of the Fulton Street, and Brogan Road right of way as depicted on the Plan.
2. Before starting work, the contractor shall notify Digsafe and shall obtain all applicable permits from the Engineering Division. The project must obtain a Trench Permit pursuant to Section 74-141 of the City Ordinances prior to commencing work.
3. No other utility structures, conduits, duct banks, pipes, or any other appurtenances are adversely impacted. National Grid shall ensure that all sewer, water, and drain lines are marked prior to any excavation.
4. At least 72 hours prior to the start of the project, National Grid must coordinate abutter communications with the Director of Communications and submit any required information that may be requested to effectively inform the public.
5. Any proposed gas main location must maintain 3 feet away from public utilities.
6. An approved as-built plan (and CAD files in the state plane) must be on file at the engineering division at the completion of the project.

Call 781-393-2425 for any accommodations/aids
