Resolution in Support of a Stabilization Fund for the City of Medford

Whereas the use of Free Cash is only possible for a few months each year, from when Free Cash is certified by the State through June 30th, when the fiscal year ends;

Whereas the Medford Public Schools may experience unexpected expenses not planned for in the budget cycle, such as major equipment failures, floods, fires, etc.;

Whereas Medford Public Schools cannot borrow money to cover such expenses;

Whereas at present, the only mechanism for Medford Public Schools to receive additional funding to cover unexpected expenses is by a supplemental appropriation submitted by the Mayor to the City Council for approval;

Whereas the inability to use Free Cash for much of the year places the Medford Public Schools and the City of Medford, in a precarious position should a supplemental appropriation be required to ensure educational continuity for our students;

Whereas a Stabilization Fund provides a mechanism for the allocation and spending of money throughout the year; and

Whereas the use of Stabilization Fund resources requires a Mayoral request to the City Council for approval; now, therefore, be it

Resolved, that the Medford School Committee:

1. thanks the Medford City Council for approving the creation of a Stabilization Fund;
2. urges the Medford City Council, when a request to add funds to the Stabilization Fund is received, to approve the request before the expiration of Free Cash; and
3. requests the Superintendent of Schools send this resolution and a record of the vote of the School Committee to the Medford City Council.

- seeks to incorporate any funding requirements to ensure the implementation of the selected alternative(s) with fidelity in the next budget cycle; and
- establishes an annual reporting process that includes but is not limited to, system-wide disciplinary measures reporting to the school committee as well as establishing staff feedback process;

Whereas it appears that there are occurrences of non-compliance with the policy happening in the district, and that occurrences have been observed since the effective date of the policy; and

2. provide a report of training available to all staff, including staff participation in training offered, disaggregated by building;
3. provide a detailed report of disciplinary actions taken from the start of the 2023-2024 school year through March 1, 2024. The report provided should be a model to comply with the annual reporting requirement going forward and will contain the following minimum data:
