If one or more members of the Committee wishes to have a conversation about the topic presented, a member may request that the item be added to a subsequent Regular Meeting.

The details for submitting a presentation can be found within the policy BEDH, Public Comment and Presentations of the Public”

Resolution on the End of Fossil Fuel Building Equipment Purchases

Whereas the buildings of the Medford Public Schools are exclusively the responsibility of the Medford School Committee pursuant to Massachusetts General Law Chapter 71 Section 68;

Whereas the Inflation Reduction Act and the Bipartisan Infrastructure Law have both provided significant opportunities for schools to end our dependence on fossil fuel infrastructure;

Whereas the climate crisis is an existential threat to the survival of our species and countless other species we share our planet with;

Whereas the climate crisis is primarily caused by human activity through the release of greenhouse gases; and

Whereas today's leaders must take action now to ensure a sustainable future for generations to come; now, therefore, Be it Resolved, that the Medford School Committee:

1. bans the purchase of new or replacement fossil fuel powered equipment used to operate our school facilities, such as HVAC equipment and kitchen equipment;
2. may authorize the purchase of banned equipment in emergency situations at a regular or special meeting of the Committee; and
3. must authorize equipment purchases covered by this resolution regardless of the revenue source, such as municipal funding, or grants from governmental or non-governmental organizations.
