Definitions:

Budget Request - the Superintendent's budget, based on what is required to meet the needs of all students of Medford Public Schools.

Capital Improvement Plan (CIP) - A capital improvement plan typically consists of one or more capital improvement projects, which are financed through a capital budget. CIPs are important tools for local governments, allowing them to plan strategically for community growth and transformation.

Capital Improvement Projects (Capital Projects) - asset upgrades or large-scale maintenance work. Some examples of capital projects include building a new school, replacing an outdated HVAC system, replacing a roof, or any project above \$150,000 per school building.

Capital Budget - contains the funds allocated for all capital projects in a fiscal year. The city typically holds this account in a stabilization fund, although school districts may create their own stabilization fund to cover such expenses. Regardless of where the fund is held, the resources in the fund are provided by the municipality and are *not* part of the budget of the public schools.

Final Budget - the School Committee approved budget for operating the Medford Public Schools.

Municipal Allocation - the financial resources the City of Medford has allocated to the Medford Public Schools for the education of the children of the City of Medford.

Net School Spending - all funds expended by the School Committee via the budget, grants, and other funds, as well as certain city expenditures such as insurance and pensions, excluding certain types of expenditures such as transportation, adult education, and long-term debt.

Projected Municipal Allocation - the financial resources the City of Medford *believes* it will be able to provide to the public schools. This occurs early in the annual budget process and is likely to change as municipal, state, and federal resources become clearer. This is required by

Proposed Reconciled Budget - the Superintendent's recommended budget that reflects the Proposed Municipal Allocation or the approved Municipal Allocation. A Reconciled Budget is assumed to be less than what is required to meet the needs of all Medford Public Schools students.
