Standing with MPS Students, Families, and Staff Affected by TPS Terminations

Whereas the Supreme Court's June 25, 2026 ruling in *Mullin v. Doe* held that federal courts may not review non-constitutional challenges to the termination of a country's Temporary Protected Status (TPS) designation, and reversed lower-court orders that had blocked terminations;

Whereas the current presidential administration has terminated TPS for Haiti and Syria, and the Court's ruling allows those terminations to proceed;

Whereas Medford is home to residents from many countries who contribute to the educational, civic, cultural, and economic life of our community, and the Haitian community is experiencing particularly significant uncertainty as a result of these decisions;

Whereas the United States Supreme Court held in *Plyler v. Doe*, 457 U.S. 202 (1982), that all children residing in a state are entitled to a free public education regardless of their immigration status, and this right is unaffected by the termination of any TPS designation; and

Whereas the Medford School Committee is committed to fostering a safe, supportive, and welcoming environment for all students and staff regardless of race, ethnic background, national origin, and immigration status; now, therefore, be it

Resolved, that the Medford School Committee directs the Superintendent to:

1. Ensure that all staff have the necessary training to uphold policies ACH (Immigration Enforcement) and AC (Nondiscrimination Including Harassment and Retaliation), which collectively affirm and support the district's commitment to providing a discrimination-free public education to all children whose principal domicile is in Medford, regardless of child or family immigration status;
2. Ensure that student educational records continue to be maintained in accordance with federal and state privacy laws and district policy, and that all associated staff understand procedures governing requests for student information;
3. Remain in regular contact with the Medford Connects community engagement team, to ensure coordination between families and schools, and sharing of available

resources to support students and staff experiencing uncertainty about their legal status related to TPS designations, including work authorization within MPS;

4. Continue to provide “Know Your Rights” information to students, staff, and families impacted by immigration policy via the MPS website, Talking Points, and other relevant communication tools; and
5. Ensure that school and classroom libraries and curricula include stories and depictions of immigrant experiences from multiple times and places connected to Medford’s history and present-day community, as well as content where people from different cultures, countries, and backgrounds are represented in stories that do not focus on the circumstances of entry into Medford or the United States.

And be it further Resolved, that the following statement of support for S.4814 be transmitted to United States Senators Elizabeth Warren and Edward J. Markey:

The Medford School Committee thanks Senator Markey for introducing S.4814 and Senator Warren for cosponsoring it.

The ending of TPS will cause deep and lasting harm to Medford, as well as unimaginable pain for our neighbors, who face removal to a country the State Department designates Level 4: Do Not Travel – where armed groups control much of the capital, and where the United Nations reports more than 2,300 people killed and 1.5 million displaced this year alone.

Tearing families apart, destroying local businesses, removing critical staff from our schools and social service organizations will leave a scar that will not just be felt today, but will become a stain on the dream so many have come to associate with our nation.

The House of Representatives has already acted, passing companion legislation (H.R. 1689) on April 16, 2026 by a bipartisan vote of 224–204. We urge the Senate to follow the House’s lead without delay.

Thank you for your service to our nation and please let us know if we can do anything to assist in passing this important legislation.

Respectfully,

The Medford School Committee

And be it further Resolved, that the following statement of appreciation be sent to United States Representatives Katherine Clark and Ayanna Pressley:

The Medford School Committee thanks you for your leadership in securing House passage of H.R. 1689 - A bill to require the Secretary of Homeland Security to designate Haiti for temporary protected status. Representative Pressley's discharge petition and Representative Clark's advocacy on the floor delivered a bipartisan 224-204 vote at a moment when our Haitian neighbors in Medford needed it most. Our neighbors' protection now rests with the Senate, and we have written to Senators Warren and Markey urging swift passage of S.4814. Thank you for your service, and please let us know how we can assist.

Respectfully,

The Medford School Committee
