- Would like to fast track this item with the School Committee

B. Backpacks

- Students are still working on the petition to present at a future meeting.
- 130 signatures to date
- Not enough time in between classes
- Discussion/clarification on the current policy
- Add comments section on what the struggles are
- Students proposed a backpack size that can fit under desks so it is intrusive and blocking pathways.

Currently there are 5 main issues

1. Student Safety
2. Signage for Designated departure areas and arrival areas and times (time intervals)
